INTRODUCTION

BuildCore Trading & Contracting W.L.L, based in Doha, Qatar, is proud to be recognized as one of the region's leading contracting and trading companies. As a sister concern of **Grand Rock Trading & Contracting and Alba Heavy Equipment W.L.L**, we bring years of proven performance and client satisfaction across various sectors.

Our success is driven by a dedicated and experienced team that ensures timely project execution with professionalism and reliability. We take pride in our reputation for excellence, built through **strong work ethics, clear communication, and quality service.**

At BuildCore, we focus on building long-term partnerships by exceeding client expectations. Our values—Integrity, Respect, and Brotherhood—are at the heart of everything we do.

We offer **comprehensive solutions under one roof**, with expertise in:

- Excavation & Demolition
- Building Construction
- Electrical Works
- Heavy Industrial Equipment
- Trading
- Landscaping (Hard & Soft)
- Local Manpower Supply

Our mission is to be known as a company of substance, driven by quality, professionalism, and trust. We look forward to continued growth and becoming a preferred business partner across Qatar and the Middle East.

Vision

BuildCore Trading & Contracting aspires to be a leading and trusted provider of innovative technical products and support services in Doha, Qatar. Our goal is to transform customer satisfaction into true customer delight by delivering high-quality solutions grounded in integrity, value, and exceptional business standards.

MISSION STATEMENT

BuildCore Trading & Contracting is committed to delivering exceptional, customized, and flexible services tailored to the unique needs of our valued clients. We understand the importance of project-specific solutions and approach every task with innovation, creativity, and a strong work ethic. Our goal is to become a trusted partner not only in Qatar but across the Middle East through our upcoming **Business Expansion Program (BEP)**.

VALUES

BuildCore Trading & Contracting is built on a foundation of commitment—both to our projects and our clients. Our core values revolve around three key standards:

- **Quality Management System**
- **Environmental Management System**
- **Occupational Health & Safety Management System**

These standards guide our approach to delivering projects on time, with the highest regard for quality, safety, and sustainability—ensuring satisfaction for all stakeholders involved.

AREA'S OF EXPERTISE

BuildCore Trading & Contracting specializes in a wide range of services, including heavy equipment rental, excavation, demolition, maintenance, and customized solutions based on client requests. Our management's active involvement and guidance, combined with the dedication of our skilled team, allow us to deliver comprehensive services in full alignment with client agreements.

EXCAVATION: BUILDCORE TRADING & CONTRACTING HAS SUCCESSFULLY EXECUTED EXCAVATION PROJECTS IN QATAR

BuildCore Trading & Contracting has a highly skilled team and a well-equipped fleet ready to handle any excavation, road construction, utility installation, or site development project. Leveraging the latest technology, we deliver efficient and precise results—often ahead of schedule. Recognized as a trusted name in the region, we bring extensive experience in both execution and permitting/design, with a proven track record on high-profile projects across Qatar.

Demolition Services

BuildCore offers comprehensive demolition solutions, ensuring safety, compliance, and environmental responsibility. Our services include asbestos abatement, removal of hazardous materials, permit acquisition, utility disconnections, rodent control, and development of site-specific safety plans in line with Qatar Labour Law.

Our demolition methods include:

- **Hydraulic Excavators:** Used for controlled undermining of low-rise structures, guided by our expert demolition managers to ensure safe and precise collapse direction.
- **High Reach Demolition Excavators (HRDE):** Ideal for tall structures where explosive demolition isn't feasible. We implement wet demolition techniques using fire hoses to minimize dust.
- **Loaders & Bulldozers with Rakes:** Employed to break down walls and sort materials such as steel and debris on-site efficiently.

We are also preparing to introduce **Computer-Controlled Hydraulic Jacks (CCHJ)**—an advanced, environmentally friendly solution for safe demolition in densely populated urban areas like Doha.

Heavy Equipment

BuildCore Trading & Contracting has extensive expertise in supplying heavy equipment on a rental basis. Our team comprises experienced professionals including Project Directors, Managers, Supervisors, and a skilled multinational workforce from India, Pakistan, Bangladesh, Nepal, Sri Lanka, the Philippines, and beyond.

We've proudly partnered with numerous renowned construction companies across Qatar as a trusted heavy equipment supplier, including:

1. UCC
2. Al Mohanna – Punetes JV
3. ISG – The Intelligent Solution Group Inc.
4. ABB – Power and Productivity for a Better World
5. KCT
6. JSQ
7. SEG – Société d'Entreprise & de Gestion
8. MBD Trading, Contracting & Transport W.L.L
9. HBK Contracting Co. W.L.L
10. Advanced Utility Construction Company
11. Target Engineering & Construction Co.
12. Amana Construction
13. Med Gulf

Our reliable equipment and committed team have helped us build lasting relationships throughout the industry

Heavy Equipment Fleet

BuildCore Trading & Contracting maintains a large fleet of heavy-duty vehicles specifically designed for construction and earthwork operations. Our inventory includes heavy machines, trucks, construction equipment, and specialized hydraulic systems, all built to meet rigorous industry standards.

Most of our machinery is powered by advanced hydraulic drive systems, ensuring reliable performance across various project types. With a wide range of models and makes readily available, we are able to meet client requirements on short notice.

We conduct regular maintenance and health check-ups on all equipment and generators to ensure peak performance, safety, and extended operational life.

Innovative Growth & Full-Spectrum Equipment

BuildCore has played a key role in advancing Qatar's local industry by introducing modern technologies, efficient processes, and forward-thinking ideas. Our innovative trading model ensures long-term growth for our clients, partners, and the nation. We're committed to continued investment through:

- Upgrading customer facilities
- Expanding manpower
- Diversifying our product range
- Increasing stock availability

We also offer a **comprehensive fleet of construction equipment for rent**, including:

- **All-Terrain Vehicles** (All types & makes)
- **Compactors** (All types & makes)
- **Mobile Cranes** (25 to 200 tons)
- **Flatbed & Box Trailers**
- **Dumpers** (Large & Small)
- **Forklifts** (3 to 25 tons)
- **Dozers, Telehandlers, & Backhoe Loaders**
- **Boom Trucks** (5 to 10 tons)
- **Excavators** (Chain & Tire models)
- **Drills, Loaders, Power Vans** (All types & makes)
- **Rock Trucks, Scrapers, Skid Steers** (All types & makes)

Our extensive and well-maintained fleet is ready to meet the dynamic needs of the construction industry with short lead times and superior support.
